

FORMAZIONE OSD – 3° GIORNATA

**ISTRUZIONI PER LA GESTIONE DEI PROGETTI IN
OSD PER SEGRETERIE CEN/ISO E CONVENOR**

10 marzo 2026

Chiara Pia
Marco De Gregorio

AGENDA

- Progetti in OSD
- Avvio di un progetto
- Costituzione di un project team
- Votazione e consultazione
- Risoluzione dei commenti
- Submission

uni

INTRODUZIONE

OSD COME PIATTAFORMA DI DEFAULT

Dal **1° gennaio 2025**, OSD è la piattaforma di default per i progetti ISO idonei

Progetti avviati **dopo il 1° gennaio 2025**

- L'eventuale scelta di non utilizzare OSD deve essere giustificata con il/la TPM
- I Committee Managers devono confermare l'uso di OSD **durante il form 6**

Progetti avviati **prima del 1° gennaio 2025**

- La scelta di utilizzare OSD è facoltativa
- È possibile passare a OSD da un progetto in Word in tutte le fasi di progetto dalla fase 00.00 a 40.99 tranne durante le fasi di consultazione/voto (XX.20)

OSD COME PIATTAFORMA DI DEFAULT

Dal **1° luglio 2026**, OSD sarà la piattaforma di default per i progetti CEN idonei

Progetti avviati **entro il 1° luglio 2026**

- La scelta di utilizzare OSD è facoltativa
- È possibile utilizzare OSD per un progetto:
 - Nelle le fasi di progetto 00.60 (PWI) a 10.99 (approvazione WI)
 - Durante la fase di registrazione di progetto
 - Se il progetto è già registrato, tramite [richiesta di partecipazione al pilot](#)

AVVIARE UN PROGETTO

The screenshot shows the 'Project Detail' page for 'ISO/PWI 4427-2 ed.3 - id.84500 ISO/TC 138/SC 2/WG 4 00.00'. The 'Online document' tab is highlighted with a red box. Below the tab, a message states: 'The current project has no Online Document. The Committee Manager can activate the Online Document mode with one of the options:'. Three buttons are listed: 'Create a new document', 'Import a Word file', and 'Start from latest edition', all of which are highlighted with a red box.

Create a new document

Nuovi progetti / revisioni

Crea un documento online vuoto (modello semplice) per iniziare a redigere direttamente online. Il documento include il testo predefinito per Premessa, Introduzione, Scopo e campo di applicazione, la struttura del documento basata sulle Direttive ISO/IEC Parte 2.

Import a Word file

Nuovi progetti / revisioni

Crea un documento online con il contenuto fornito nel documento Word. Richiede due settimane.

Attenzione! Il documento Word deve essere redatto secondo il template ISO e senza modifiche «Revisione»

Start from latest edition

Revisioni

Crea un documento online con il contenuto dell'ultima versione dello standard

Attenzione! Una volta effettuata l'apertura del progetto, non è possibile caricare un altro file word con una versione successiva

COSTITUIRE UN PROJECT TEAM

COSTITUIRE UN PROJECT TEAM

Perché costituire un project team?

- Di default, tutti i WG experts hanno il ruolo «**OSD Readers**»
- Committee Manager, WG Secretary, Convenor/Project leader hanno il ruolo «**OSD Leader**»
- Il project team può comprendere esperti/e aggiuntivi/e che partecipano attivamente alla stesura del documento / risoluzione dei commenti → **assegnazione ruoli aggiuntivi**

Quando costituire un project team?

- Fasi di stesura e di risoluzione dei commenti (non fasi di votazione/consultazione)

	Preparatory				Committee				Enquiry					Approval				Pub.

COSTITUIRE UN PROJECT TEAM

The screenshot displays the 'Project Detail' page for 'ISO/AWI TS 25287 ed.1 - id.90215'. The page is divided into four tabs: 'Overview', 'Submissions', 'Online document' (selected), and 'Asset library'. The main content area shows the document structure with 'Front matter' and 'Body' sections. The 'Body' section includes '1 Scope (as per original proposal)', '2 Normative references', '3 Terms and definitions (as per ISO TS)', and '3.4 Secure Device to Device Comm'. The 'TOOLS' menu is open, showing options like 'Change current role', 'Toggle wide screen mode', 'Toggle commenting mode', 'OSD Roles for 90215' (highlighted with a red arrow and a red circle '3'), 'Create version', 'Unlock clauses', 'Preview', 'Comments', and 'Logout'. A red circle '2' is also present next to the 'Other actions' dropdown. A red circle '1' is next to the 'TOOLS' button in the top navigation bar.

VOTAZIONE E CONSULTAZIONE

BEST PRACTICES PRIMA DELL'APERTURA DEL BALLOT SPELL CHECK

The screenshot displays the ISO standard editor interface. The top navigation bar includes the ISO logo, a user profile for Julie Suter, and tabs for START, INSERT, REFERENCE, and TOOLS. Below this, a secondary toolbar contains options like Whitespace, Wide canvas, Zoom, Show changes, Show comments, and Quality check (off). The 'Quality check (off)' button is highlighted with a red rectangle. The main editing area shows a document with various references and a table. A sidebar on the left lists the document structure, with '4.2' selected. A red circle with a question mark is placed over the 'Paragraph' button in the bottom left. On the right, a 'Quality check' settings dialog is open, with its icon in the top toolbar also highlighted by a red rectangle. The dialog includes sections for Category (with checkboxes for Referencing, Provisions, Terminology rules and usage, Spelling and language, Document structure, Legal, CA and MSS, and Standardized conventions), Clauses (with a checkbox for Selected clauses (all) and a 'Make selection' button), and Navigation (with checkboxes for Skip locked clauses and Auto-jump to next). Buttons for 'Clear filters' and 'Set filters' are at the bottom of the dialog.

Stage opzionale

Durante il **periodo di consultazione**, tutti i WG experts possono:

- inserire commenti
- leggere i commenti degli altri
- Rispondere / reagire ai commenti (sconsigliato)

Alla **chiusura del periodo di consultazione**:

- tutti i WG experts tornano al ruolo READER
- Il project team può risolvere i commenti

DURANTE LA VOTAZIONE / CONSULTAZIONE

- Durante il **periodo di consultazione/votazione**, gli NSB inviano la posizione nazionale tramite submission dei commenti e votazione sul ballot
→ È responsabilità della Segreteria nazionale accertarsi di aver inviato correttamente i commenti nazionali
- Se c'è più di un OT interfacciato per lo stesso progetto a livello nazionale, gli OSD Voter vedono i commenti e inviano una sola posizione nazionale consolidata

VISUALIZZAZIONE DEI COMMENTI

The screenshot displays a document editor interface. At the top, a dark header bar contains the text "CEN" in a yellow box and "HIGH" in a red box. Below this is a menu bar with options: "START", "INSERT", "REFERENCE", and "TOOLS" (which is highlighted with a red box). To the right of the menu bar, the text "LEADER" is followed by a user icon and the name "Chiara I".

Below the menu bar, a toolbar contains several buttons: "Wide balloons" (highlighted with a red box), "Wide canvas", "Zoom" (with a dropdown arrow), "Show tracked changes", "Show" (with a dropdown arrow), "Comments dashboard", "Create version", and "Compare version".

The main document area shows the text "Foreword" followed by a paragraph: "ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of preparing International Standards is normally carried out through ISO technical committees. Each member body interested in a subject for which a technical committee has been established has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work. ISO collaborates closely with the International Electrotechnical Commission (IEC) on all matters of electrotechnical standardization." The word "non-governmental" is highlighted with a purple box.

Below the paragraph, another line of text begins: "The procedures used to develop this document and those intended for its further maintenance are".

On the right side, a "Comments dashboard" overlay is visible. It has a header with icons for editing, commenting, and a "Comments dashboard" button. Below this is a section titled "Foreword" with a list of comments. The first comment is from "You" and is marked as "Technical" with a "Resolve" button. The comment text is partially visible: "951 Technical".

VISUALIZZAZIONE DEI COMMENTI

The screenshot displays the ISO Drafting Tools interface. At the top, a menu bar includes 'START', 'INSERT', 'REFERENCE', and 'TOOLS'. The 'TOOLS' menu is open, showing options like 'Wide balloons', 'Wide canvas', 'Zoom', 'Show tracked changes', 'Comments dashboard', 'Create version', and 'Compare versions'. The 'Comments dashboard' option is highlighted. Below the menu, the document text is visible, starting with 'Foreword' and 'ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies)'. A red arrow points from the 'COMMENTS TO RESOLVE' button in the right-hand panel to the 'Comments dashboard' option in the top menu. The right-hand panel, titled 'Resolving comments', shows a list of comments. The first comment is for '3.1.2.3 global temperature change p...' with 1 reply. The second comment is for '3.1.2.7 carbon dioxide removal and s...' with 1 reply. The third comment is for '3.1.5.2 supply chain' with 2 replies. A 'Resolve selected comments' button is at the bottom of the panel.

Foreword

ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of preparing International Standards is normally carried out through ISO technical committees. Each member body interested in a subject for which a technical committee has been established has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work. ISO collaborates closely with the International Electrotechnical Commission (IEC) on all matters of electrotechnical standardization.

The procedures used to develop this document and those intended for its further maintenance are described in the ISO/IEC Directives, Part 1. In particular, the different approval criteria needed for the different types of ISO documents should be noted. This document was drafted in accordance with the editorial rules of the ISO/IEC Directives, Part 2 (see www.iso.org/directives).

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. ISO shall not be held responsible for identifying any or all such patent

SUBMISSION

COSA SI INTENDE PER SUBMISSION

- Per controllo editoriale da parte dell'ISO/CS
- Per avvio ballot
- Per inviare il documento finale in pubblicazione
- Per sottoporlo a traduzione

The screenshot shows the 'Project Detail' page for ISO/CD 21979. The left sidebar contains navigation icons: a 'TEST' icon with a red 'P', a '+ PROJECT' icon, a folder icon labeled 'My projects', and a magnifying glass icon labeled 'Search'. The main content area has tabs for 'Overview', 'Title', 'Submissions' (highlighted with a red box), and 'Online document'. Below the tabs, the project title 'ISO/CD 21979' is displayed, followed by 'ed.1 - id.71847', 'ISO/TC 34', and '30.99'. A purple badge below the title reads 'HORIZONTAL DELIVERABLE'. The 'Submissions' section has a title 'Submissions' and a blue button 'Create a submission' with a dropdown arrow (highlighted with a red box). Below this button is a text input field containing 'Submit draft for DIS/DAM ballot'.

LA SUBMISSION IN OSD

Con OSD, non è più necessario inviare delle copie in Word, PDF, ed elementi grafici
→ Il file inviato è l'ultima versione del testo presente in OSD

ATTENZIONE!

La submission sarà rifiutata se:

- Il documento online contiene delle Clauses bloccate
- Il documento online contiene le modifiche in modalità revisione
- Il documento online contiene commenti non risolti
- Il documento viene inviato in formato Word o PDF
- Alcuni componenti grafici non contengono la versione modificabile

LA SUBMISSION IN OSD - SBLOCCARE LE CLAUSES

The screenshot displays the ISO OSD (Open Standard Development) interface. The top navigation bar includes the ISO logo, a toolbar with icons for undo, redo, and other actions, and tabs for START, INSERT, REFERENCE, and TOOLS. The user 'Julie Suter' is logged in. Below the navigation bar, there's a search bar and a list of document sections on the left. The main workspace shows a clause editor for 'CLAUSE 4.1' with the text 'This is my clause'. A red box highlights the 'Other actions' menu, which is open, showing options like 'Toggle wide screen mode', 'Toggle commenting mode', 'Permissions', 'Document Permissions', 'Quality dictionary', 'Unlock clauses', 'Preview', 'Comments', 'Admin menu', and 'Logout'. The 'Unlock clauses' option is highlighted in yellow, and a sub-menu is visible with 'Unlock all clauses' and 'Unlock all my clauses'.

INTRODUCTION

Introduction

The introduction is an optional/conditional element of the text.

For rules on the drafting of the introduction, refer to the [ISO/IEC Directives, Part 2:2021, Clause 13](#).

Test introduction

Identification of patent holders: the following text shall be included if patent rights have been identified.

The International Organization for Standardization (ISO) {and/or} International Electrotechnical Commission (IEC) draw(s) attention to the fact that it is claimed that compliance with this document may involve the use of a patent.

ISO {and/or} IEC take(s) no position concerning the evidence, validity and scope of this patent right.

The holder of this patent right has assured ISO {and/or} IEC that he/she is willing to negotiate licences under reasonable and non-discriminatory terms and conditions with applicants throughout the world. In this respect, the statement of the holder of this patent right is registered with ISO {and/or} IEC. Information may be obtained from the patent database available at [www.iso.org/patents](#).

Attention is drawn to the possibility that some of the elements of this document may be the
