BeBOP First Dissemination Workshop – Draft agenda

October 7th, 2025 | 14:00 – 18:00

VENUE: UNI - Via Sannio, 2, Milan (IT)

Room: Sale Leonardo

“Workshop on biofuels, e-fuels and sustainability strategies: research meets standardization”

October 7th, 2025 | 14:00 – 18:00

VENUE: UNI - Via Sannio, 2, Milan (IT)

Room: Sale Leonardo

Are you interested in biofuels, e-fuels and/or how to scale up the circularity strategies in the energy sector?

Where is the research going and what is standardization doing to support the market?

Having a strong link between research and standardization is bedrock to support the market uptake of innovation. Nonetheless, too often these worlds are too far apart.

This interactive workshop, organized within [BeBOP project](#), is intended to reduce the distances.

The first session will include keynote speeches, which will highlight the importance of standards in scaling up sustainable fuels and the role of circular economy principles in infrastructure design and environmental management. Also, insights into upcoming developments in the standardization landscape will be explored.

Afterwards there will be a Poster session, during which PhD students will showcase their research activities on the topics of the event (biofuels, e-fuels, circular economy, environmental management) and technical experts will have the opportunity to meet researchers and explore the latest developments in the field.

Time	Topic	Speaker
14:00 – 14:10	Registration of participants	UNI
14:10 – 14:20	Welcome & Opening <ul style="list-style-type: none"> Ice Breaker Overview of the event's objectives 	Cristina DI MARIA (UNI)
14:20 – 14:30	The BeBOP project: concept at a glance	Martina FANTINI (EUCORE)
14:30 – 15:30	Keynote Talks: “The Role of Standards in Enabling Sustainable Fuel Transitions”	
	Circular Economy Designing Tomorrow's Energy with Circular Principles	Marco La Monica - ENEA
	Environmental management and LCA Measuring Sustainability: the role of Life Cycle Assessment	Alessandro MARSON – Padua University

Funded by
the European Union

	Biofuels and E-fuels Rethinking Energy: the role of Biofuels and E-fuels in tomorrow's energy mix	Silvia PAVONI – ENI
15:30 – 15:45	Questions & Answers	
15:45 – 17:15	POSTER SESSION: “Research meets standardization”	
17:15 – 18:00	Networking Happy Hour	

Are you a researcher or PhD student?

If you work on biofuels, e-fuels, circular economy or environmental management, you are warmly invited to submit a poster to present your research during the POSTER SESSION.

Participation is free of charge, and it represents an interesting opportunity to showcase your research and get in touch with experts in the field.

Please indicate your interest during the registration process.

Registration

Participation in the workshop is **free of charge**, but registration is mandatory at the following link: <https://www.surveymonkey.com/r/BebopDiss>
