

The Italian G20 Presidency together with the European Union invite you to the

**G20 Workshop on
Sustainable Global Value Chains for the Fashion Sector
7th June 2021, 12:00 – 15:00 CEST (UTC+2) by Webex**

- How can circular economy deliver higher value and environmental goals for the fashion industry as it responds to economic trends?
- Which tools and policies can G20 states and the private sector develop to seize the opportunity?
- Which international co-operation opportunities will help everyone in global value chains benefit?

The workshop will host expert speakers from around the world sharing their analysis and business models for reaching economic, social and environmental sustainability.

The workshop is intended to prepare discussions in the G20 Dialogue on Resource Efficiency and support the G20 Presidency's priorities in the G20 Environment track.

Proceedings will be held in English only. The agenda and participation link will be sent ahead of the workshop.

To signal early interest in attending, please write to registration@g7g20support.eu

Feel welcome to share this invitation among relevant colleagues and networks.
